LASTU

SAMPOLA DAY CARE CENTRE'S OPEN EARLY CHILDHOOD EDUCATION SERVICES ON LINNANMAA CAMPUS

The open early childhood education services offered in cooperation with the City of Oulu and the University of Oulu combine practical work in early childhood education, teacher training and scientific research.

EARLY CHILDHOOD EDUCATION

There are two teachers working at Lastu. The open early childhood education groups are functioning under to the Sampola Day Care Centre, following the Early Childhood Education Plan of the City of Oulu.

RESEARCH

Lastu offers an excellent environment for childhood studies.

EDUCATION

Lastu offers opportunities for students to observe and practice teaching and supervision of young children at different stages of their studies.

LASTU is part of the more comprehensive LeaForum
