Sampola Day Care Centre offers early childhood education and care services, and at the same time facilitates teacher training and scientific research in collaboration with the City of Oulu and the University of Oulu.

**EARLY EDUCATION**
Sampola follows its own Early Childhood Education and Care Plan and that of the City of Oulu.

**RESEARCH**
Sampola offers sites for excellent possibilities and resources for diverse research activities.

**TEACHER TRAINING**
In Sampola, students have an opportunity to observe and practice at various stages of their studies the teaching and instruction of small children.

**GROUPS OF CHILDREN**

- **Lemminkäiset**, children under the age of 3
- **Tellervot**, children between the ages of 1–5
- **Joukahaiset**, children between the ages of 3–5
- **Untamoiset**, children between the ages of 3–5
- **Väinämöiset**, preschool, children the age of 6
