

## **EDUpacks**

Education and Cultural services in Oulu, Finland take pride in providing high-quality early, basic and upper-secondary education, adult education and basic education in arts, youth services, sports and leisure services and cultural services. We present and develop our services in national and international networks. In addition, we would like to give a possibility to anyone interested in our best practices to visit us.

### **EDUpacks consist of**

- a description of the duration and contents of a visit to a school or day care unit
- a description of the type of the visit based on the level of active involvement (eg. lecture, hands-on)
- relevant links (to websites, materials)
- contact information (direct/City of Oulu, Education and Cultural Services OR a collaborator/collaborators in Oulu)
- a price list (the school or day care unit costs and a handling fee, costs for refreshments)
- 

### **The content of a visit is usually as follows:**

*Early childhood education and care (children aged 0-6):* Presentation of the Finnish day care system, including preschool (children aged 6), insight in special features of children's activities and a possibility to visit day care groups in action.

*Basic education for age group 7 to 16 and upper secondary education for age group 16-19:*

- Presentation of the Finnish education system
- Information about the particular school
- A round tour in the school facilities.
- The guests may in some cases also attend lessons to observe and/or take part in the lesson activities.

Please note that some schools and day care units and other functions that support the growth of a child are placed in *community centres in one building*.

*Other types of visits to the day care and school administration/expertise services and/or lectures or seminars on Finnish education can be negotiated separately.*

**For more information** about the packs and other possibilities for visits, please contact Ms Eija Ruohomäki, senior advisor, Education and Cultural Services, City of Oulu
