LEMMENTPOLKU FISHING TRAIL

Turn from Kuusamontie to Vaalantie (road 8300) and drive 10.5 kilometres. The starting point of Lemmenpolku is marked on the right side of the road.

There are several small parking spaces along the area, which have paths leading to the riverside. There are also several campfire spots and rest shelters in the area.

The area is divided into two fishing areas, 5a and 5b. Spin fishing and cast angling is allowed for people at least 15 years of age with one rod by city permit. Fishing is only allowed from the Lemmenpolku side of the bank. The permit is free to people under 15 years of age, with the same restrictions. Fishing with a tip-up (ootto-onki) is allowed only in area 5a. The catch limit is 3 fish from the salmon family per fisher per day. Catching salmon, trout and wandering European whitefish is prohibited between the 1st of September and the 30th of November. Catching grayling is prohibited between the 1st of April and the 31st of May. Minimum catching length for salmon is 60 centimetres. Minimum length for catching a trout with a cut adipose fin is 50 centimetres. Minimum length for pike-perch is 42 centimetres, and 35 centimetres for grayling.

The border of fishing zones 5a and 5b is marked on the map and in the area itself.

You may purchase a fishing permit from kalapassi.fi or from the city of Oulu service desk (Oulu10) located at Oulu10 A, Torikatu 10, 9010.
