Please be ready to present your group work to the Finnish students about your visit to the Boden Greenhouse. The presentation will happen on Microsoft Teams so you can take that into consideration when choosing which materials you wish to present. You are free to choose the format of the presentation. The time for the presentation is approximately 10 minutes.

After the presentation, the Finnish students will be interviewing your group about sustainability themes and you will have a sustainability-related assignment to complete together.

All the instructions for the assignments will be given during the meeting.

PREPARE BEFORE THE SESSION

During the session, the Swedish students will be presenting their group works about their study visit to the Boden greenhouse. After the presentations, your task will be to interview the students about their visit and complete a sustainability-related assignment together in smaller groups. For the session, come up with 1-2 questions that you would like to ask from the Swedish students about their study visit.

We recommend you to get familiar with the topic of the session, *Green industry in Boden*, beforehand. Please visit the Boden XT platform website: <https://bodenxt.se/en/>

You can also watch these short Youtube videos about the Boden Greenhouse and green industry (You can change subtitles to English language in the video settings):
