

## Instructions for students – Business Challenge Clinic

Hi students,

Welcome to the **Business Challenge Clinic**, organized together with the Aurora Entrepreneurialis project, Björknäsgymnasiet Boden and Oulun normaalikoulun lukio!

**When:** Friday 13<sup>th</sup> December, 11:00–12:00 CET (Sweden) / 12:00–13:00 EET (Finland)

**Where:** Online on Microsoft Teams: add meeting link

**Topic:** Business Challenge Clinic

**Language of the session:** English

### **PLEASE READ THESE INSTRUCTIONS CAREFULLY, SO YOU ARE PREPARED FOR THE SESSION**

Before the session, we would like you to do some preparation so that we get the most out of the session together! We will be using the Miro platform for our session. Instructions for the assignments can be found on the Miro board. If you are new to Miro, you can check this quick tutorial video on YouTube to learn the basics: <https://www.youtube.com/watch?v=kRdtn8G4tII>

### **PRE-ASSIGNMENTS**

Please complete this pre-task on time. **Log into our Miro board HERE [add link].**

**STUDENTS FROM BJÖRKNÄSGYMNASIET BODEN:** We would like you to do the following pre-tasks before the session:

1. Start by filling in the yellow boxes in Miro and tell the Finnish students a bit more about your student company. You will also define the challenge you would like some help with (deadline: 8th December).
2. Create a short presentation about your UF-company (length 3 minutes). The format of the presentation should be easy to share in Microsoft Teams, for example a PowerPoint document. In the presentation we would like you to: 1. Briefly explain your business idea and product/service, and 2. Explain the challenge that you would like some help with during this session.

**STUDENTS FROM OULUN NORMAALIKOULUN LUKIO:** We would like you to do the following pre-tasks before the session:

1. Go to the Miro board and study the student companies and challenges which the company owners have brought up (after the 8<sup>th</sup> of December). You can find these on the Miro board in the yellow boxes. NOTE! You can only start working on this task after the students from Boden have completed their own pre-task.

2. Come up with questions for the student company owners and write them down in the blue box on Miro (Deadline 12th December).

#### **COLLABORATION SESSION, FRIDAY 13<sup>th</sup> DECEMBER (ONLINE)**

You will need a laptop for yourself for this collaboration session. (All participants need their own laptop.) Each participant will receive the link to your group's own Miro board separately via email. This Miro board you will be using **during the actual session**. Before the start of the session, please enter the Microsoft Teams meeting (see link above) and open the Miro board of your group.
